Rahul Vasava

Full Stack Developer

✉ rahulvasava52986@gmail.com   ☎ +91 8141148384

Innovative and detail-oriented Full Stack Developer with 2+ year of experience in designing, developing, and deploying web applications. Proficient in .NET Core, Entity Framework, and front-end technologies, with a proven ability to deliver scalable solutions. Demonstrates strong problem-solving skills and a collaborative mindset, contributing effectively to agile teams.

Experience

Full Stack Developer , The One Web Technology *2022- present*

- Designed and developed scalable web applications using ASP.NET Core and Entity Framework.
- Wrote optimized SQL queries for seamless data operations.
- Implemented and maintained APIs for various modules, ensuring secure and efficient communication between client and server.
- Collaborated in an agile environment to deliver user-friendly and feature-rich applications.
- Conducted code reviews and debugging to enhance application stability.
- Integrated third-party APIs for improved functionality and user experience.
- Designed and implemented responsive UI/UX designs using HTML, CSS, and JavaScript, enhancing user experience across multiple platforms.
- Collaborated with cross-functional teams to troubleshoot, debug, and resolve issues in a timely manner.
- Optimized database performance and ensured the security of application data.
- Wrote clean, scalable, and well-documented code to meet client requirements.
- Integrated third-party APIs for seamless application functionality and data synchronization.
- Optimized database queries and implemented LINQ for improved performance in data retrieval.
- Participated in code reviews to maintain high code quality and adhered to industry best practices.
- Collaborated with cross-functional teams to identify and resolve technical challenges.

Education

sardar Patel University *2019*

- Bachelor of Computer Applications
- CGPA: 5.99

M S University

- Master of Computer Applications
- Percentage : Pursuing

Skills

- Languages & Frameworks: C#, .NET Core, .NET Entity Framework, SQL, HTML5, CSS3, SASS, JavaScript, Angular, AJAX, Bootstrap
- Databases: MySQL Server
- Development Tools: Git, RESTful APIs

- Core Skills: Object-Oriented Programming, Problem-Solving, Software Development, Front-End Development, Responsive Web Design, Team Collaboration, Time Management
